

Spirit is the annual sporting festival of IIT Guwahati. Held in the last week of October, it witnesses participation from across the North East. Some of the sporting talent on show is truly spectacular, with teams from our college pitted against professional sportsmen of real caliber. Spirit also serves the purpose of providing our probables for the Inter IIT Sports Meet an opportunity to iron out the flaws in their game, and gain some valuable match practice. Spirit is a spectacle not to be missed if you are a sports enthusiast.
